System Plug w/o Cable

- **Protective field range: 3 m**
- **Scanning angle: 270°**
- **Number of fields: 3**

# Light Curtain Mounts

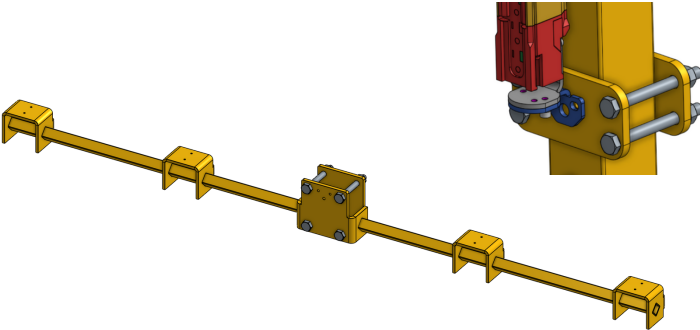

Light Curtain Post is laser cut from 3"x 3" x1/4" tube steel and robotically welded to the foot pad. The foot pad has (4) M6 threaded jack screws to assist with leveling and 3/8" anchor clearance holes. Only available in System Height 1800, 2200

**Part Number** **CP-220000** **Standard 2200mm Light Curtain Post**  
**CP-2200CS** **Customized 2200mm Light Curtain Post**  
**CP-180000** **Standard 2200mm Light Curtain Post**  
**CP-1800CS** **Customized 2200mm Light Curtain Post**

Adjustable light curtain mounting brackets. Used with our standard guarding post. This clamping design allows for the light curtain to slide up and down the post for alignment. This mount works great for a muting light curtain system as shown in the picture.

Consult factory for specific light curtain brand mounting patterns.

**Part Number** **ADJ-LCMOUNT**  
**ADJ-LCMOUNT-MUTE-300**  
**ADJ-LCMOUNT-MUTE-600**

Floor mount for light curtains. 1/4" bent steel mount meets a rigid mount requirement for mounting to the floor. They have slotted holes for anchor bolts. Consult factory for customized solutions per light curtain brand.

**Part Number** **CF-0750** **Standard 750mm Long Mount**  
**CF-1000** **Standard 1000mm Long Mount**  
**CF-1250** **Standard 1250mm Long Mount**
